Wheel Chair Distribution

This is a reminder since our e mail last month-- attached you will find information and a registration form for you to attend the January 2008 wheelchair distribution to Culiacan, Sinaloa, Mexico. In checking Orbitz this morning, we note air rates are changing, so we encourage you make your flight arrangements and reservations as soon as possible.

If you have never participated in a wheel chair distribution in Mexico, we encourage you to attend and experience first hand the internationality of service and friendship, and witness the generosity of Rotarians worldwide. If you are a returning participant, join us in opening new doors of friendship and service opportunities with Mexico District 4150. In recent years, our distributions have been with Mexico District D4180.

Thank you for supporting the wheelchair program. I look forward to hearing from you.

New Year best wishes for happiness, health and prosperity.
