The Rotary Leadership Institute

The Rotary Leadership Institute, Arizona Division, is a tri-district training program to improve Rotary knowledge and leadership skills for future leaders of Rotary clubs and districts. It is three full-day sessions (I, II and III) spread over a year.

The Rotary Leadership Institute is geared toward Rotarians who have been in Rotary between two and four years, or those wanting to increase their Rotary knowledge and leadership skills. Sessions are led by carefully selected facilitators who have been chosen for their extensive knowledge of Rotary and their ability to successfully facilitate learning. Sessions cover such topics as The Object of Rotary, Membership Orientation and Activation, Leadership Skills, The Rotary Foundation, Analyzing a Rotary Club, Rotary at the District Level, International Service, Vocational Service, Motivating Rotarians, Effecting Change and many other topics. RLI not only will increase Rotary knowledge and promote future leaders but also will help clubs retain their newer members. To find out more you can go to www.azrotarypets.org and click on The Rotary Leadership logo
