July 1st, 2008

No Regular Meeting

Upcoming Meetings:

July 1st Induction of Officers

Thank you from District Governor

Fellow Rotarians,

So many of the 1,600 Rotarians in 39 clubs in our District 5490 have done so many incredible things for Rotary during my now-ending term as District Governor that it is almost impossible to thank them all.

A District Governor and the clubs in the district are only as good as the Rotarians who gather to enjoy food and fellowship each week. The officers don't make Rotary happen, the members make Rotary happen and it is each and every member of the district that I would like to personally thank for all that they do for rotary.

My reward as District Governor came to me each time I visited your club. First with then Governor Marian Gill. My official visits as District Governor allowed me to express my view of the Rotary world and the large or small part each member can play. Then again as the District Conference approached, I visited many clubs to ask your attendance.

As I become a Past District Governor I will continue to be involved in helping my home club and Rotary International work locally and globally. I also am ready to assist our new district governor anyway I can. I hope you will as well.

John C. King
District Governor 2007-2008

Rotary Club of Sedona
